Dear Larry,

This will acknoeldge the "lain check" you hold on the following:

One photographic copy of a sketch of the man the FBI is looking for in the King assassination;

One photograph of a man arrested by the Dallas police outside the Texas School Book Depository Bldg. 11/22/63, in connection with the Kennedy assassination.

For purposes of identification, I record that the shapes of the heads are almost identical, the hair-lines similar, the nose, eyes and lines of the jaw seemingly identical, and there is a remarkable similarity in the upper lips.

Of course, if he makes it three out of three, all bets are off.

Sincerely,

Harold
